

CALROSSIE OCEAN WAVE

**Dispersion of the
MACLYN PLANTATION
SHORTHORN HERD**

**at the W. E. GIDDENS FARM,
MADISON, GEORGIA**

Saturday, April 27, 1957

Edelyn Beauty 30th, Lot 27 in this dispersion. She was purchased for \$3,700 by Maclyn Plantation in the 1953 Edelyn sale. A daughter sells as Lot 27. A son by Calrossie Ocean Wave sells as Lot 5.

On rare occasions great herds are put together by men who not only have the desire, but also the means to buy exactly the ones they want regardless of cost and distance.

On even rarer occasions is a herd like this offered in its entirety at public auction. In such auctions progressive breeders have made more herd progress than by any other means.

Be one of those who doesn't let insignificant reasons prevent you from being at ringside at Madison, Georgia, Saturday, April 27. This is one of those rare opportunities.

General Information

TIME—Sale will start promptly at 12:00 Noon, Eastern Standard Time, Saturday, April 27, 1957. Lunch will be served starting at 11:00 A. M. by a church auxiliary.

LOCATION—The W. E. Giddens farm is located 8 miles south of Madison, Georgia, on the Eatonton highway. Madison is 60 miles southeast of Atlanta.

SALE HEADQUARTERS—Madison Motel, Madison, Georgia. We will be happy to make your reservations.

AUCTIONEER—C. D. Swaffar, Tulsa, Oklahoma.

SALE MANAGER—Don Longley, 16 So. Locust St., Aurora, Illinois.

TERMS—The terms of this sale are cash at time of purchase. Settlements to be made with the clerk immediately following the sale. All stock will be at buyers risk as soon as bid off.

GUARANTEE—All cattle will be sold under the Standard Guarantee of The American Shorthorn Breeders' Association. All cattle will be tested for T.B. and Bangs within 30 days of the sale, with the exception of officially vaccinated cattle under the minimum age. Interstate health certificates will be provided for out of state buyers. Since states differ on health regulations, all buyers must be aware of the regulations in their own state. Nearly all of the cattle in this sale are calfhood vaccinated.

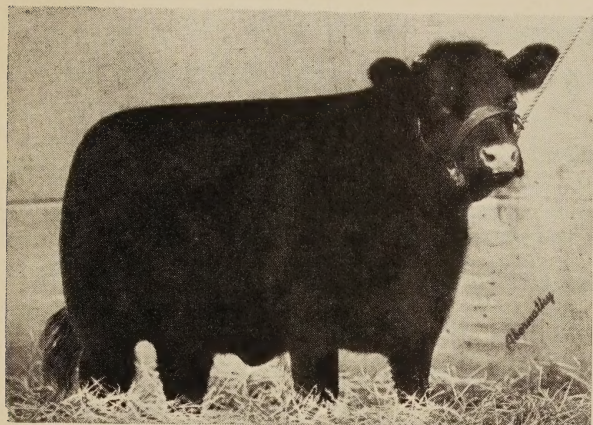

A certificate of registration and a signed transfer will be supplied with each lot sold properly transferred to the new buyer. Calfhood applications will be supplied for calves in dam or at foot under six months of age.

Where footnotes appear in the catalog they were furnished by the owners or written from information supplied by the owner. The terms shall constitute a contract between W. E. Giddens and seller of each lot.

While every effort will be made to protect the safety and comfort of those attending, the owner, sale manager, clerk or auctioneer cannot be responsible for accidents that may occur. Every person attending must assume the risk of injury to himself. The sale manager was retained for specific tasks promotional and clerical and has nothing to do with the condition of the premises, handling of the cattle, fulfillment of guarantees, or possible errors on the health charts.

MAIL BIDS—If you cannot attend this sale you should consider seriously sending a bid to any of the representatives listed on page 5. You can be assured that your bids will be honestly and capably handled and that your instructions carried out to the letter. Last minute messages will reach them at the sale headquarters or farm telephone.

FARM TELEPHONE—Madison, Georgia 765.

Anticur Blossom 2d, Lot 17.
One of the 20 imported females in this sale. Purchased in the 1953 Marellbar sale for \$3,800.

THE REASONS FOR THIS DISPERSION

Since entering the Shorthorn business several years ago I have traveled all over North America in assembling my herd. I made a number of trips to Maclyn Plantation, and although nothing there was for sale I always enjoy seeing Calrossie Ocean Wave and the great Maclyn herd of imported and American bred cows.

After Mr. McGowan's return to industry, it was necessary for him to be away from home a big share of the time. The calves were not being developed so that they would be available to other purebred breeders. To get these cattle into the hands of people where they could strengthen the breed over a wide area, I bought the entire herd on March 6.

I didn't buy this herd with the idea of making money. The purchase price was too high to do that. You simply cannot buy cattle of this calibre at prices that enable you to re-sell them with any profit. I do hope to break even, but to do so I know I must disperse the herd completely—down to the last animal. I believe the public will pay more for a herd that is offered in its entirety than one that I have topped off.

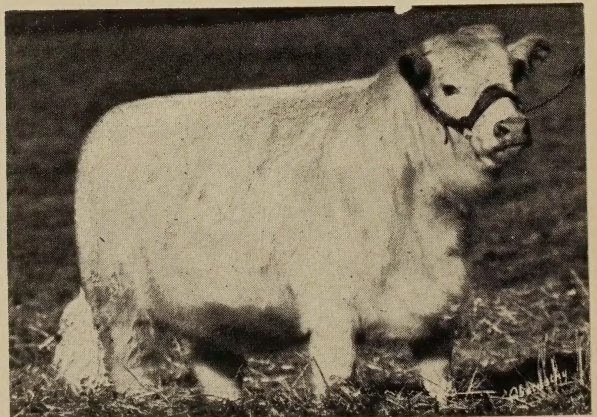

" . . . H. D. McGowan bought the best cattle available in Scotland and the United States."

I have bought a lot of good cattle myself—a few just as good as some of the Maclyn cattle—but I don't know anyone who has bought as many outstanding females as Mr. McGowan. I wish there had been a herd like this dispersed when I was laying in my foundation. There are three or four just average cows in this herd—but all the rest are tops! Any one of 20 or 25 could top this sale. And talk about imported cows! . . . I'll stack this group up against any.

I'd sure love to have you visit us whether you plan to buy or not. I've bought a lot of cattle from a lot of people, but I don't want anyone to buy here just to help me. I think they are the kind everyone will want and am willing to let the public put their appraisal on them.

W. E. Giddens

Red Gate Rosewood Ivy sells as Lot 38. A daughter sells as Lot 37. Purchased for \$2,000 in the 1953 Acadia sale.

It's Easy to Reach This Sale

Atlanta is one of the nation's major transportation centers. A dozen major airlines serve Atlanta. Atlanta is only a few hours away from any point by air, overnight by crack trains. We will be meeting planes and trains Friday and even as late as early Saturday morning. We will have you back to Atlanta in time to catch early evening planes or trains. You can attend this sale and be as far north as Chicago by 7:30 P. M. Round trip plane fare Atlanta to Chicago is about \$80.

Please write us so we can arrange to meet you. If you decide at the last minute just call Madison, Georgia 765.

THE FIELD FORCE

Allan C. Atlason, Exe. Sec'y, American Shorthorn Breeders' Association, 7 Dexter Park Ave., Chicago, Ill. (Phone: Yards 7-0363).

Don Longley, The Shorthorn World, 16 So. Locust St., Aurora, Illinois. (Phone: Aurora 68511).

R. G. Heine, Southeastern Representative, American Shorthorn Breeders' Ass'n., 1730 Sharon Road, Tallahassee, Florida.

Ray Brockinton, Southern Livestock Journal, Macon, Georgia.

W. Tap Bennett, Central of Georgia Railway, Savannah, Georgia.

Dr. R. A. Long, Head Animal Husbandry Dept., Univ. of Georgia, Athens, Georgia.

C. D. Swaffer, Auctioneer, 1111 So. Pittsburgh St., Tulsa, Oklahoma.

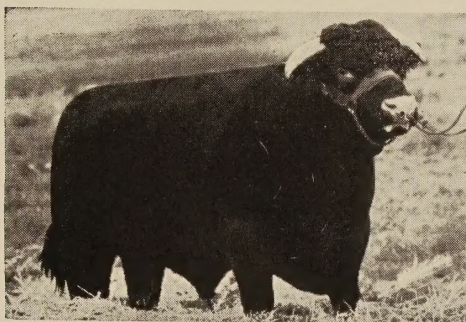

The health of this herd is excellent. Before purchasing this herd Ellis Giddens had the entire herd tested for TB and Bang's. Every animal passed. To comply with the 30-day requirement the herd will be tested again. Calfhood vaccination has been practiced in both the Maclyn and Giddens herds since they were founded. Practically all the imported cows were also calfhood vaccinated for Bang's. All of the cattle in the Maclyn herd, with the exception of young ones produced there, have been there since 1954, with one coming in 1955.

ALL ARE GUARANTEED

Despite the fact that this is a complete dispersion of the Maclyn herd, Ellis Giddens, who has purchased the herd, is in the business to stay and is therefore guaranteeing every animal under the terms of the Standard Guarantee of the American Shorthorn Breeders' Association printed on Page 54.

Free Delivery

We will deliver any purchases to your farm if you live within 800 road miles from Madison, Georgia. This is a big job and if you live close to us and can pick up the cattle yourself without great difficulty we would appreciate it if you would do so.

Calrossie Outlook—After an excellent record in the Swanson Bros., Iowa herd, Calrossie Outlook was purchased by Maclyn in the Swanson Dispersion for \$5,000. He is bred almost identically to Calrossie Ocean Wave, by Calrossie Welcome out of a Kirkton Baronet dam. This is the cross that produced Calrossie Perfect, Perth champion, Calrossie Armada, and many other great bulls.

We have some doubts as to whether Calrossie Outlook will work the way he should for his new owner. He is settling cows, but he ruptured himself some time ago, so we have decided just to leave him out of the sale. We would not wish to sell any animal where there was a question in our own minds as to its reproductive ability. The Outlook calves are excellent and this is all the evidence needed.

Calrossie Ocean Wave

I can't recall when a bull of Calrossie Ocean Wave's individuality, breeding and proven ability as a sire, has been offered at public auction. I can't think of a single herd that would not benefit from the use of this bull.

I first saw Calrossie Ocean Wave at Maclyn Plantation shortly after he had arrived in September, 1954. I thought at that time I had never seen a bull quite as good.

When I visited Ellis Giddens in March to prepare for this sale, more than two years later, I was prepared for anything because I had no way of knowing how he would look. True, the bull was thin, but obviously in good health. He is good on his legs, serves cows quickly and naturally, and settles them. Ellis tells me he has been gaining four or five pounds a day since he arrived there on March 6. He is getting all the feed he will eat and has a good appetite. Although he will continue to gain rapidly between now and the sale on April 27 he will by no means be in show condition. However, even as a thin bull, he is a bull without "holes."

Calrossie Ocean Wave has a great head—one of the best. He stands on four sound, short, rugged legs. He is naturally deep—deep through his heart, his flank, and deep in his quarters. His thickness is from end to end, and he has an especially wide rib spread, a place where many cattle are lacking.

I first saw two yearling heifers and four bulls by him. I doubt if many breeders would part with heifers like these. I think the bulls will make stock bulls.

Out in the pasture I saw about 15 of his calves. There wasn't a mediocre calf in the entire group. This is truly an exceptional stock bull. He is in the prime of life, already proven. His calves have more than great heads—they have style, character, ruggedness, great long quarters.

To comment on his pedigree is to insult the intelligence of anyone who knows even a little about Shorthorn pedigrees. He was used for a season at Calrossie and was purchased for 7,000 pounds (a pound at that time was worth \$2.80).

Maclyn Baron—A short-legged, stylish young bull. See his dam and granddam both selling in this dispersion. His dam is a double granddaughter of the International grand champion, Killearn Max Juggler.

*One of the world's best cow herds . . .
headed by a stock bull that needs to
take a back seat to none . . . and
every one sells in this complete
dispersion.*

THE IMPORTED COWS

The first 20 females in this catalog are the imported cows and their daughters. We are listing the purchase price because we think it is important information.

They cost an average price of 700 pounds in Scotland (approximately \$2,000 each). Add to this the cost of quarantine in Scotland and Canada, shipment across the Atlantic, insurance, importation-transfer fee of \$200 charged by the American Shorthorn Breeders Association, and you will find that to lay in females of this calibre would cost you \$3,000 apiece.

The lowest priced female in this group was 300 pounds—the highest, 1,500 pounds. These were not spectacular cows bought at spectacular prices. They were bought with the idea of establishing one of the world's greatest herds.

We think you will agree when you see them they make up into one of the finest groups of imported cows anywhere in North America.

What will these cows bring at public auction? No one can say. They are all young—four, five and six-year-olds. However, they are being sold in Georgia, away from the center of Shorthorn breeder concentration. It is certainly safe to say that those who take the trouble to make the trip will be rewarded by being able to purchase great females at a fraction of their value as an investment in their herd.

We have not gone into a long pedigree analysis on these females. Most breeders are familiar with the fact that these are individuals of the finest Scottish breeding. Maclyn Plantation did not quibble about prices when these were purchased. They saw what they wanted and bought it.

BREEDING DATES

There are 40 cows in the Maclyn herd, plus some heifers. Nearly half, 18 of these cows, have calves at foot right now. Several more will calve by sale day.

All of the females will be examined for pregnancy by Dr. Paul Lindsay, Madison, Georgia, veterinarian who does the work in the Giddens herd. A complete list of breeding dates will be posted on sale day.

A number of the bred cows will have January and February breeding dates. This is because in the South many good breeders do not wish their calves coming in the hot summer months. Consequently the bulls are not turned out until the first of the year.

Because Mr. McGowan was away from home a big share of the time, and was busy with industrial interests, the calves were only occasionally developed for sale and herd replacement.

Mr. McGowan had no hesitancy about shipping a troublesome breeder to market, regardless of her cost. The herd has been culled closely and contains only good breeding animals. That is why we have no hesitancy of **guaranteeing them fully** under the terms of the American Shorthorn Breeders Association STANDARD GUARANTEE.

With regard to our own bred females selling in this sale, we also follow the practice of breeding for fall calves only. They were all pasture bred in December, January, and February.

W. E. Giddens.

Maclyn Princess Royal—Another heifer that proves the greatness of Calrossie Ocean Wave. We doubt if anyone who has heifers like this would be willing to sell them. Open. Her dam also sells.

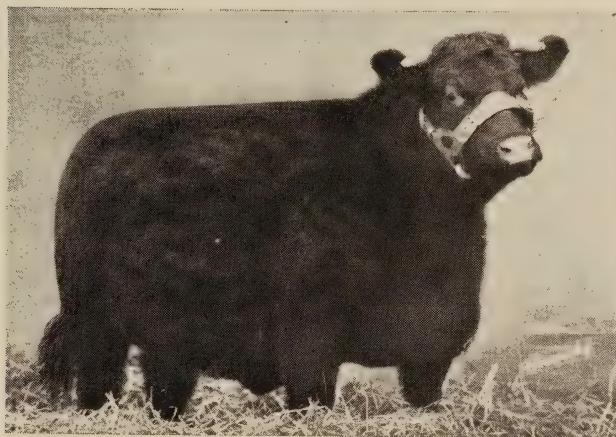

THE UNITED STATES FEMALES

From Colorado to Ohio, wherever the right female with the proper background was being offered, neither distance nor price prevented H. D. McGowan from bringing it into his Maclyn herd foundation.

These are the kind of females we all dream of owning, but few of us ever do. Here is an opportunity to own this kind at the kind of investment you can afford to make.

We are not holding out a single female for our own herd. This sale is simply a means of putting these females to work in your herds. I wish such an opportunity had presented itself when I was founding my own herd.

W. E Giddens.

Edellyn Beauty 30th—Purchased for \$3,000 in the 1953 Edellyn sale. Sells with an outstanding roan bull calf by Calrossie Ocean Wave dropped February 27. Will be bred back to Calrossie Ocean Wave. Two of her other calves, Maclyn Viscount and Maclyn Beauty Sandra, sell.

Scene in the Uppermill herd in Scotland. The cows in this dispersion have this same quality. You can come expecting to see imported cows like these. Seven females from the Uppermill herd are in this dispersion.

IN THIS GREAT COW HERD ARE NOTHING BUT THE PICKS OF THE BEST THAT WERE OFFERED FOR SALE IN SCOTLAND AND THE UNITED STATES IN 1953 AND 1954.

When I saw the Maclyn herd on the Giddens farm in March, I was pleased tremendously as I know you will be. You can travel any distance to buy these cattle with assurance that practically every one will be the kind that will improve your herd.

I believe that cattle of this calibre and breeding will bring sound, steady, premium prices . . . but I don't expect the prices to be beyond the reach of the average breeder. In other words they are the kind you will want . . . and the kind you can buy.

I hope that some of the consignors to my sales will buy and put a few of the Calrossie Ocean Wave calves into our auc-

tions. I feel sure that we can leave you mighty low cost top cows if you do.

Ellis Giddens is one of the best boosters our breed has. How many breeders would stick their necks out, as he has done, buy this herd at the kind of price it takes to get cattle of this calibre, simply to get these good ones into circulation again?

The man who purchases Calrossie Ocean Wave will be getting one of the greatest sires of all time.

DON LONGLEY

C. B. Scotch Beauty 2d—A daughter of the International grand champion, Killearn Max Juggler, purchased at one of the top prices of the Clausen dispersion. The dam is a granddaughter of the International champion, Goldfinder's Champion. The dam is by the International sale champion, Goldfinder's Royal. She sells with an outstanding January 11 white bull calf by Calrossie Ocean Wave and will be rebred to Calrossie Ocean Wave. A daughter, Maclyn Beauty Maxine, sells as a separate lot.

C B Marigold 2d—One of the top heifers of the Clausen dispersion in Iowa. A daughter of the International grand champion, Killearn Max Juggler out of a dam by the International grand champion, Goldfinder's Champion. Has a white bull calf dropped November 10 by Calrossie Ocean Wave that we think is one of the greatest so far. We plan to split this calf off from his dam and sell him separately if anyone wishes to buy a really top young Ocean Wave bull calf for exhibition at the fall shows, and to use next year.

Princess Royal 38th—This granddaughter of Beaufort Bolido sells with a roan heifer calf dropped February 28 by Calrossie Outlook. Kair Beau sold for \$2,000 in the "Sale of Satisfied Buyers" in Illinois.

*all of the photos of the females
selling were taken at the time of their
original purchase in 1953.*

CRUGGLETON PEGLERS

Purchased by W. E. Giddens for \$4,900 in the 1953 Leveldale sale. His first calves have established a phenomenal record. You will not see many bulls by Cruggleton Peglers on the Giddens farm because breeders have been taking them at an early age at good prices.

We want you to be sure to see the 20 daughters of Cruggleton Peglers that we are putting back into our herd. They will be displayed prominently.

We are selling 10 females in this sale in addition to the Maclyn herd. Three of them are Pegler heifers, one is bred to him, nine are bred to Louada Field Marshal. They're a pleasing group.

Left, Louada Field Marshal. Sire, Calrossie Armada. We bred all our females from December to March, and after using him through these months we sold him to Col. George H. Miller, Thomaston, Georgia, for \$3,000. Nine of our females in this sale are bred to him. He placed sixth in a class of 22 at the 1956 International.

Left: Leveldale Virile. This son of Cruggleton Peglers was the 1956 International Reserve Grand Champion Bull. Among his many other victories was the grand championship of the 1955 American Royal in Kansas City. Leveldale Virile sold to Dale McMackin, Troy, Ill., in the 1956 Leveldale sale for \$4,600.

AND THREE OF HIS FIRST SONS

Above, Leveldale Romancer. This son of Cruggleton Peglers topped the 1955 Mathers sale at \$9,000 going to Bilmar Farms, Grand Blanc, Michigan.

Left, Leveldale Omen. This son of Cruggleton Peglers sold for \$3,350 to Rasmussen Bros., Goldfield, Iowa, in the 1955 Mathers sale. The three bulls pictured on this page stood third, fourth, and fifth, in the junior yearling class at the 1955 International.

Calrossie Cock Robin, sire of Lot 51.

STANDARD GUARANTEE

of the American Shorthorn Breeders' Association

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, providing they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
5. All animals are sold to comply with the laws regulating Tuberculosis and Bang's disease of the state or county into which they may be shipped.
6. Certificates of registry and transfers will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.
7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off. Where cattle are sold at private treaty the above terms should apply as well as for sale at auction.

All prospective buyers should check health requirements of their states.

All animals sold in this sale will be backed by the above Standard Guarantee.

As a safeguard to prospective buyers, every animal has successfully passed a clean abortion blood test within 30 days prior to the sale or will have Certificates of Bang's Calfhood Vaccination, and those that are not from Accredited herds have passed a clean Tuberculin test within the same period. Health certificates will be provided with each lot sold.
